2026 LOC POSTERS

Poster #1a | Bariatric Surgery | Case Reports/Case Series
Incidental Desmoid Tumor During Roux-En-Y Gastric Bypass
Nour Yanna Atassi DO - Willis Knighton Medical Center

Poster #1b | Bariatric Surgery | Case Reports/Case Series
Petersen's Hernia Following Roux-En-Y Gastric Bypass (RYGB)
Nour Yanna Atassi DO - Willis Knighton Medical Center

Poster #1c | Bariatric Surgery | Case Reports/Case Series
Robotic Assisted Removal of Band Gastroplasty in Patient with History of Open Roux-en-Y Gastric Bypass (RYGB)
Nour Yanna Atassi DO - Willis Knighton Medical Center

Poster #1d | Bariatric Surgery | Case Reports/Case Series
State-Dependent GLP-1 Responsiveness After Bariatric Surgery: Evidence for a GLP-1 Non-Responder to Responder Phenotype
Tierra Sanders DO - Pennington Biomedical Research Center

Poster #2a | Bariatric Surgery | Case Reports/Case Series
Nesidioblastosis in a Roux-en-Y Gastric Bypass Patient with Post-Bariatric Hypoglycemia
Sreya Vemuri, MD- LCMC

Poster #2b | Bariatric Surgery | Research Projects/Case Series
The Preoperative Weight Reduction Paradox: Protective for Major Complications, Increased Infection Risk in Lower BMI Cohorts
Andrea Martinez- LSU Health New Orleans

Poster #2c | Bariatric Surgery | Research Projects/Case Series
Liver Biopsy is Safe and Reveals High Prevalence of MASLD/MASH in Metabolic and Bariatric Surgery: Local Outcomes and National Trends
Andrea Martinez- LSU Health New Orleans

Poster #2d | Bariatric Surgery | Research Projects/Case Series
Nearly 1 in 3 Devastating PVTs Occur Outside the Routine Extended Prophylaxis Window Following Metabolic and Bariatric Surgery
Andrea Martinez- LSU Health New Orleans

Poster #3a | Bariatric Surgery | Research Projects/Case Series
Efficacy of Minimally Invasive Bariatric Surgery Procedures: A Comparative Analysis of Weight Loss and BMI Trajectories
Cameron Alden Holmes MD - Tulane School of Medicine

Poster #3b | Bariatric Surgery | Research Projects/Case Series
ESP vs TAP Blocks in Post-Operative Opioid Use Reduction
Andrew Lin MS3 - Ochsner Health

Poster #3c | Bariatric Surgery | Research Projects/Case Series
Improving VTE Prophylaxis Compliance in Bariatric Surgery via Standardized Risk Assessment
Mia Casabat- LSU Health New Orleans

Poster #4a | Obesity Medicine | Research Projects/Case Series
Comparative Analysis of Large Language Model Responses to Patient Questions About GLP-1 Receptor Agonists
Ahona Mukherjee - Tulane School of Medicine

Poster #4b | Obesity Medicine | Research Projects/Case Series
Obesity Hypoventilation Syndrome as a Predictor for 30-day Hospital Readmissions Amongst Congestive Heart Failure Patients
Shea Chan Lee BS - LSU Health New Orleans

Poster #4c | Obesity Medicine | Research Projects/Case Series
Influence of Body Mass Index on Cytokine Secretion Profiles of Adipose-Derived Stem Cells from Trauma Patients
AbdulRazak Masoud PhD - LSU Health New Orleans

Poster #4d | Obesity Medicine | Research Projects/Case Series
Mobile Health Interventions for Dietary Compliance in Adults: A Systematic Review
Jacob T Mey PhD, RD - Pennington Biomedical Research Center

Poster #5a | Obesity Medicine | Research Projects/Case Series
Depot-Specific Remodeling of the m6A Epitranscriptomic Machinery in Adipose Tissue During Obesity and Type 2 Diabetes
Mounika Pentakota MD - Pennington Biomedical Research Center

Poster #5b | Obesity Medicine | Research Projects/Case Series
Metabolic and Systemic Inflammatory Effects of GLP-1 Receptor Agonists in IBD Patients with Type 2 Diabetes or Obesity: A Retrospective Cohort Study
Brandy H Sullivan MD - Tulane School of Medicine

Poster #5c | Population Health | Research Projects/Case Series
Understanding Louisiana Parents' Views on Childhood Obesity: Regional Perceptions May Shape Prevention
Kara Denstel, PhD- Pennington Biomedical Research Center

Poster #5d | Trauma surgery and Obesity | Research Projects/Case Series

Comparative Outcomes of REBOA Devices in Overweight and Obese Blunt Trauma Patients: AAST AORTA Registry Analysis

Dagmawi Demessie MD - LSU Health New Orleans
